Summary

Computer Science & Engineering professional developing practical skills in information security, cyber defense, and system administration, with growing experience as a freelancer and trainer. I am actively building my expertise through hands-on security work, teaching activities, and continuous self-learning, with a focus on applying Machine Learning and Artificial Intelligence to real-world security problems. I'm particularly interested in roles and environments that allow me to strengthen my technical foundations, contribute to secure system design, support others through mentoring and training, and gradually transition into more advanced responsibilities in both the information security industry and research.

Research Interests

Cyber Security | Machine Learning | Artificial Intelligence

Professional Experience

Founder & CEO

10/2024 - Present

Fast Cyber Defense

Self-employed • Dhaka, Bangladesh · Hybrid

- Start-up Leadership — Founded and lead Fast Cyber Defense (fastcyberdefense.com), delivering penetration testing (VAPT), incident response, OSINT threat intelligence, and security engineering engagements.
- Direct client security architecture, Rules of Engagement (RoE) governance, and rapid incident recovery across Bangladesh and international markets.

Information Security Freelancer

04/2023 - Present

Upwork

Remote • Worldwide

- Completed penetration testing (VAPT) projects for international clients.
- Performed an OSINT investigation on a scam website and related scammer network.
- Helped clients recover hacked or transferred online accounts, including social media and business assets.
- Restored permanently deleted Google Drive files and a lost Word document from OneDrive.
- Provided technical and cybersecurity support, from proxy and fingerprint consulting to e-commerce and website tasks.

Trainer – Machine Learning with Python

09/2024 - 05/2025

EDGE Project, Jagannath University

Training • Dhaka

- Conducted hands-on training on Python-based machine learning concepts.
- Guided participants through supervised and unsupervised learning techniques, data preprocessing, and model evaluation.

Trainer – Basic Computer Course

08/2024 - 02/2025

Jagannath University IT Society

Training • Dhaka

- Conducted training on computer fundamentals and MS Office (Word, PowerPoint, Excel).
- Helped participants build confidence in everyday digital tasks and professional documentation.

Trainer – Microsoft Office

08/2024 - 12/2024

EDGE Project, Jagannath University

Training • Dhaka

- Conducted practical sessions on Microsoft Office applications including Word, Excel, and PowerPoint.
- Delivered foundational IT training as part of the national EDGE capacity-building initiative.

Assistant Trainer

04/2024 - 04/2024

AsiaInfo Innovation Technologies (Nanjing) Co. Ltd.

Contract • Dhaka

- Trained Bangladesh Telecommunications Company Limited (BTCL) billing staff on Linux system and server administration.
- Covered system configuration, user management, and service hardening (on behalf of AsiaInfo Innovation Technologies (Nanjing) Co. Ltd).
- Credential: Certificate of completion received for the module delivered.

Cloud Computing Trainee

09/2023 - 03/2024

Prime Tech Solutions Ltd.

Internship • Dhaka

- Implemented cloud technology initiatives, gaining hands-on experience with Linux Server (Ubuntu), Git, GitHub, MySQL, Nginx, AWS, Heroku, and DigitalOcean Droplets.
- Applied skills in web development with Django framework and CI/CD, optimizing project workflows through GitHub Actions.

Cybersecurity Internship

06/2023 - 07/2023

Arena Web Security - The Hacker's Arena

Internship • Dhaka

- Completed comprehensive 5-month Cybersecurity course with 1-month hands-on internship.
- Conducted vulnerability assessments and penetration testing on web applications and networks.
- Implemented Wazuh as a SIEM platform in a lab environment to centralize log collection, alerts, and basic security event analysis.

Education

MSc in Computer Science & Engineering

2022 · CGPA: 2.88/4.0

Jagannath University

Dhaka, Bangladesh

BSc in Computer Science & Engineering

2020 · CGPA: 3.15/4.00

Jagannath University

Dhaka, Bangladesh

Higher Secondary Certificate

2016 · GPA: 4.83/5.0

Cambrian College

Dhaka, Bangladesh

Secondary School Certificate

2014 · GPA: 4.56/5.0

Sonkanda Dr. M. T Hossain High School

Sherpur, Bangladesh

Technical Skills

Cybersecurity

Ethical Hacking | Vulnerability Assessment & Penetration Testing | Open-Source Intelligence (OSINT) | Network Security | Cryptography (fundamentals)

Networking

Cyber Security & Networking | Networking Protocols & Standards | Network Troubleshooting

Tools & Cloud

Burp Suite | OWASP ZAP | Nmap | Nessus | OpenVAS | Metasploit | SQLmap | Hydra | gobuster | wpscan | Postman (API testing) | Wazuh (SIEM)

System Administration

System Administration | Linux System Administration (Ubuntu, CentOS) | Virtualization & Containerization | Configuration Management | Backup & Recovery

Dev & Scripting

AWS | Azure IAM | DigitalOcean | EC2 | Docker | CI/CD (Jenkins, GitHub Actions) | Kubernetes (basics) | Git

Programming & Scripting

Python | C/C++ | Java | PHP | C# | MySQL | Shell Scripting | PowerShell Scripting | Batch Scripting

Certifications

Certified Ethical Hacker (C|EH)
EC-Council (ANSI / ISO/IEC 17024 Accredited · Cert #ECC8126370954)
Nov 2026

Certified Cybersecurity Educator Professional (CCEP)
Red Team Leaders
Nov 2025

GitHub Foundations
GitHub
Oct 2024

Certified Network Security Practitioner (CNSP)
The SecOps Group
Jun 2024

Certified AppSec Practitioner (CAP)
The SecOps Group
Mar 2023

Professional Certificates & Course Completions

Mastering Ethical Hacking Tools
EC-Council | Learning
Nov 2025

IBM Cybersecurity Analyst (V2)
Coursera
Jul 2025

Cloud Computing
ICT Division, Bangladesh
Sep 2024

Jr Penetration Tester
TryHackMe
Apr 2024

21st Century Employability Skilling Program - Advanced
Wadhwani Foundation
Nov 2023

Jul 2023

Research & Publications

JOURNAL Q1 SCOPUS

Data-Driven Strategies for Digital Native Market Segmentation Using Clustering

- Journal: International Journal of Cognitive Computing in Engineering
- Indexing: Scopus (Open Access)
- Quartile: Q1
- Publisher: Elsevier
- Online ISSN: 2666-3074

CONFERENCE IEEE

Phishing URL Detection Using Comprehensive Feature Extraction and Machine Learning Techniques

- Conference: IEEE CS BDC SYMPOSIUM 2024
- Date: November 22-23, 2024
- Location: Jagannath University, Dhaka, Bangladesh

Leadership Experience

Research Fellow
06/2024 - Present

ITRRC Cybersecurity Research Lab, Jagannath University

- Coordinate lab activities and maintain the cybersecurity research community.
- Lead bi-weekly training and assessments for lab members on cybersecurity topics.
- Conduct cybersecurity research and support trainees working on security-focused projects and publications under lab mentors.
- Help lab members connect and discuss ideas with Jagannath University faculty and Bangladeshi-origin professors now based abroad.

Former President
07/2023 - 07/2025

Jagannath University IT Society

- Led a 200+ member student IT society, coordinating IT-focused events and workshops.
- Mentored members through learning activities and career-focused guidance.
- Organized and supported programs to build practical tech skills and peer collaboration.
- Now serve as an alumni / advisor to the new committee, sharing context and guidance when needed.

General Member to Vice President
11/2017 - 07/2023

Jagannath University IT Society

- Progressed from general member to elected Vice President of the society.
- Helped plan and organize IT events, seminars, and workshops for students.
- Developed strong organizational and leadership skills through coordinating activities and working with members.

Former Vice-President

01/2018 - 11/2021

Sherpur District Student Welfare Council, Jagannath University

- Co-founded and helped lead the council to support the educational and social needs of students from Sherpur District.
- Organized welfare and fundraising activities to assist underprivileged students with access to education and essential resources.

Additional Skills

Soft Skills

Analytical Thinking | Communication | Team Collaboration & Leadership | Public Speaking

Other Skills

Technical Documentation | MS Office 365 | Google Workspace | Tech Support

Languages

Bengali	Native
English	Fluent

Hobbies & Interests

Cybersecurity Research

Actively researching emerging threats, vulnerabilities, and security methodologies to stay ahead in the field.

Open Source Contribution

Contributing to security tools and frameworks on GitHub, collaborating with the global developer community.

Capture The Flag (CTF) Challenges

Participating in cybersecurity competitions to sharpen problem-solving skills and explore ethical hacking techniques.

Technical Writing & Documentation

Creating guides, tutorials, and technical documentation to share knowledge with the security community.

Teaching & Mentoring

Training aspiring cybersecurity professionals and students, sharing practical knowledge and industry best practices.

Technology Exploration

Continuously learning new programming languages, frameworks, and security tools to expand technical expertise.
