SUMMARY

Early-career Computer Science & Engineering professional developing practical skills in **information security, cyber defense**, and **system administration**, with growing experience as a freelancer and trainer. I am actively building my expertise through hands-on security work, teaching activities, and continuous self-learning, with a focus on applying **Machine Learning** and **Artificial Intelligence** to real-world security problems. I'm particularly interested in roles and environments that allow me to strengthen my technical foundations, contribute to secure system design, support others through mentoring and training, and gradually transition into more advanced responsibilities in both the information security industry and research.

EXPERIENCE

Professional Information Security Freelancer

Upwork

April 2023 - Present, Remote, Worldwide

Upwork is an online marketplace that connects corporate businesses and organizations with field professionals and independent talents.

- Leveraged VA/PT tools to conduct vulnerability assessments and penetration tests using Burp Suite and Nessus.
- Delivered data recovery and digital security solutions.
- Directed forensic investigation using EnCase, FTK, and Autopsy.
- Provided technical task management and consultation.

Trainer – Machine Learning with Python

Enhancing Digital Government and Economy (EDGE) Project

September 2025 - May 2025, Jagannath University

- Conducted hands-on training on Python-based machine learning concepts
- Guided participants through supervised and unsupervised learning techniques

Trainer – Basic Computer Course

Jagannath University IT Society (JnUITS)

August 2024 - February 2025, Jagannath University

- Conducted training on computer fundamentals and MS Office (Word, PowerPoint, Excel).
- Focused on practical learning to promote digital literacy.

Trainer – Microsoft Office

Enhancing Digital Government and Economy (EDGE) Project

August 2024 - December 2024, Jagannath University

- Conducted practical sessions on Microsoft Office applications including Word, Excel, and PowerPoint.
- Delivered foundational IT training as part of the national EDGE capacity-building initiative.

Assistant Trainer

AsiaInfo Innovation Technologies (Nanjing) Co. Ltd

April 2024 - April 2024, Dhaka, BD

- Trained BTCL billing staff on **Linux system and server administration** as the local module trainer (on behalf of **AsiaInfo Innovation Technologies (Nanjing) Co. Ltd**).
- Covered system configuration, user and permission management, service hardening, and operational best practices.
- Coordinated with parallel trainers for the Database Administration and Billing modules to align content and outcomes.
- **Credential:** Certificate of completion/participation received for the module delivered.

Cloud Computing Trainee

Prime Tech Solutions Ltd.

September 2023 - March 2024, Dhaka, BD

- Implemented cloud technology initiatives, gaining hands-on experience with Git, GitHub, AWS, Heroku, and Digital Ocean Droplets.
- Applied skills in web development with Django framework and CI/CD, optimizing project workflows through GitHub Actions.

Cybersecurity Internship

Arena Web Security - The Hacker's Arena

June 2023 - July 2023, Dhaka, BD

- Completed a comprehensive 5-month Cybersecurity course, culminating in a rewarding 1-month hands-on internship with Arena Web Security.

- Actively participated in real-world cybersecurity projects, including ethical hacking, vulnerability assessments, and penetration testing.

EDUCATION

MSc in Computer Science & Engineering

Jagannath University • Dhaka, Bangladesh • 2023 • Ongoing

BSc in Computer Science & Engineering

Jagannath University • Dhaka, Bangladesh • 2021 • 3.15

Higher Secondary Certificate

Cambrian College • Dhaka • 2016 • 4.83

Secondary School Certificate

Sonkanda Dr. M. T Hossain High School • Sherpur • 2014 • 4.56

CERTIFICATIONS

IBM Cybersecurity Analyst Professional Certificate (V2)

Coursera • 2025

GitHub Foundations

GitHub • 2024

Certified Network Security Practitioner (CNSP)

The SecOps Group • 2024

Jr Penetration Tester

TryHackMe • 2024

Cyber Security

Arena Web Security • 2023

Certified AppSec Practitioner (CAP)

The SecOps Group • 2023

INVOLVEMENT

Research Fellow

Jagannath University, Dhaka • ITRRC Cybersecurity Research Lab • June 9 – Present

- Mentoring cybersecurity research trainees and connecting lab trainees with university professors from different countries in security research.
- Streamlined operational workflows by restructuring cross-functional collaboration processes, resulting in optimized resource utilization and improved project turnaround times.
- Streamlined internal processes by integrating advanced automation tools, leading to substantial improvements in operational productivity and significant time savings.

Former President

Jagannath University, Dhaka • Jagannath University IT Society • July 2023 – July 2025

- Leading a team of 200+ members in Jagannath University IT Society, fostering a culture of continuous learning and growth.
- Mentoring members through educational and professional development programs, contributing to a positive and thriving environment.
- Coordinating diverse IT-related events and workshops to enhance practical skills and industry insights for the student community.

General Member to Vice President

Jagannath University, Dhaka • Jagannath University IT Society • November 2017 – July 2023

- This experience developed strong organizational and leadership skills, which helped create a positive environment for IT enthusiasts at Jagannath University.
- Streamlined operational workflows by integrating automated tools, generating measurable improvements in overall productivity and turnaround times.
- Streamlined internal workflows by integrating new digital tools, resulting in enhanced operational efficiency and improved stakeholder satisfaction.

Former Vice-President

Jagannath University, Dhaka • Sherpur District Student Welfare Council, Jagannath University • January 2018 – November 2021

- Established and co-founded a student welfare council to address the educational and social needs of students in Sherpur District.
- Facilitated fundraising activities to support underprivileged students accessing quality education and resources.
- Streamlined workflow processes by customizing existing systems, resulting in measurable gains in operational efficiency and output quality.

PUBLICATIONS

Data-Driven Strategies for Digital Native Market Segmentation Using Clustering

Article • International Journal of Cognitive Computing in Engineering • 2024

- **Journal:** International Journal of Cognitive Computing in Engineering
- **Indexing:** Scopus (Open Access)
- **Online ISSN:** 2666-3074
- **Quartile:** Q1
- **Publisher:** Elsevier

Phishing URL Detection Using Comprehensive Feature Extraction and Machine Learning Techniques

Conference • IEEE CS BDC SYMPOSIUM 2024 • 2024

- **Title:** Phishing URL Detection Using Comprehensive Feature Extraction and Machine Learning Techniques
- **Conference:** IEEE CS BDC SYMPOSIUM 2024
- **Date:** Nov 22-23, 2024
- **Location:** Jagannath University, Dhaka, Bangladesh

SKILLS

Cyber Security & Networking, Ethical Hacking, Vulnerability Assessment, Penetration Testing, Open-Source Intelligence, Cryptography, Networking Protocols and Standards, Network Troubleshooting, Network Security, Uses of Tools

System Administration, Linux System Administration, CentOS Administration, Ubuntu Server Administration, Configuration Management, Virtualization, Containerization, Ansible, Backup and Recovery

Cloud Computing, Documentation, Cloud & DevOps (CLI) proficiency, AWS, Digital Ocean, EC2 Instance, git, GitHub Actions

Troubleshooting, Azure IAM, CI/CD, Docker, Jenkins, Kubernetes, Jira

Programming: Python, Java, C/C++, MySQL, PHP, C#, PowerShell Scripting, Shell Scripting, Batch Scripting

Soft Skills: Analytical Skills, Team Collaboration, Time Management, Commitment, Communication, Team Management, Leadership, Emotional intelligence, Public Speaking

MS Office 365, Google Workspace, Tech Support, Self-learning Capability
